1.

2. The inspector of marine registry, a function existing at all SAG's having to do with maritime products, works as a specialist, supplying technical data for orders, and testing the finished products earmarked for marine registry. After the finished products are inspected by the marine registry inspector, they are officially accepted by the representatives of Mashinoinport and Tekhnopromimport. These representatives also accept goods earmarked for Satellite countries.
3. The Karl Liebknecht plant in Magdeburg supplies mainly Diesel engines to the marine registry.
